

# AVK invites entries for 2010 Innovation Awards

27 January 2010

The German Federation of Reinforced Plastics, AVK, is inviting entries for its annual innovation awards competition.

The AVK – Industrievereinigung Verstärkte Kunststoffe eV – says the objective of the innovation awards is to provide solutions to state-of-the-art technological issues by means of composites and thermosets, to highlight the achievements of the composites industry in the field of environmental protection, and to encourage university research into composites and thermosets.

The awards will be presented at the International AVK Conference taking place on 13-14 September 2010, in Essen, Germany, alongside the COMPOSITES EUROPE Trade Fair (14-6 September 2010).

Applications for the AVK 2010 innovation awards may be submitted in the following categories:

- Industrial applications;
- Environment; and
- University research.

The deadline for the submission of the applications is 31 March 2010.
