

Call for AVK Award Candidates

< Previous Next >

The AVK is currently taking requests for this year's annual AVK innovation awards in the 'industrial applications', 'environment' and 'university research' categories.

The aim of innovation awards is to provide solutions to today's technological issues through the use of composites and thermosets, to highlight the achievements of our industry in the field of environmental protection and to encourage university research into composites and thermosets.

The awards will be presented at the International AVK Conference on September 13-14, 2010, to be held in the Congress Center Essen, in conjunction with the Composites Europe Trade Fair (September 14-16, 2010).

Applications for the 2010 innovation awards may be submitted in the following categories:

- Industrial applications
- Environment
- University research

The deadline for the submission of the application papers is March 31, 2010.

Publication Date: 28/01/2010
