

# Menzolit entering China

Menzolit, a manufacturer of sheet moulding and bulk moulding compounds (SMC + BMC) with operations in four European countries and partners in South America and South Korea, has decided to install a manufacturing plant for SMC and BMC in China. The facility is located in Jinshan in the greater Shanghai area. The production start is planned for the third quarter of 2008 to serve the global customers of Menzolit as well as local tier1 suppliers, moulders and OEMs. The new company will be managed by Thomas He. Menzolit is planning to offer the full product range and according to market demands develop specialities that can fit the demands of the Chinese market.
